REPORT OF TRUSTEES OF THE TOWN LIBRARY

The Trustees of the Library would express their esteem for Frances W. Colby who entered into rest March fifth, 1953, after more than a year of increasing weakness and suffering. For many years she had served as a Trustee of the library with marked interest and efficiency and had loaned to the library a large number of her books. She also gave willingly of her time, She was always cooperative and it was a pleasure to work with her.

Mr. Mahlon C. Currier was elected by the Selectmen to fill the vacancy caused by Mrs. Colby's death. It has been his particular duty to have charge of the operating of the library and its equipment. Mrs. Richard C. Kimball has had responsibility for children's books.

Mrs. Ruth Thorsen has served capably as librarian during the year, her first in this position.

A number of books have been given to the library this year by several persons, which gifts we acknowledge with thanks.

Your Trustees heartily favor the proposed plan for additional space for the library, the need for which is obvious.

We value the cooperation of the New Hampshire State Library and of the Mary Jane Sanborn Library of North Danville.

REPORT OF MUSIC SUPERVISOR

To the Superintendent and School Board. Citizens of Danville:

I am sure you are well aware of the importance which music holds in the education of your children. Many articles have been written about the effects of music - mental, emotional and scioal. Every music educator is thankful that the public has become awakened to the need for a sound music program in the schools. It is toward this goal that we have been striving this year.

The structure of any undertaking depends upon the foundation. We are in the process of building this necessary musical groundwork here in Danville and each class has shown fine progress.

Although the singing of songs and work of a technical nature have been the main channels in which we have spent our time, we have also enjoyed square dancing and listening to music on records.

At present we are in the midst of rehearsing for the operetta to be held in the Spring.

I wish to express my sincere thanks to each of the teachers, whose cooperation has helped so much. My thanks also to the pupils and the parents for making my first year here, such a happy one,

Respectfully submitted,

IRENE L. TANGUAY,

Music Supervisor

NURSE'S REPORT

To the Superintendent, School Board and Citizens of Danville.

It has been a pleasure for me to serve you these past few months in the capacity of school nurse-teacher. My aim is to continue the fine quality of care to which you are accustomed, and to fulfill your confidence in me

The program for covering the health needs of all school children is a full one. First of all, the first aid requirements of the school are checked and supplied. Fortunately, there is seldom a major accident in the schools, but even from minor cuts children can learn the importance of cleanliness and prevention of infection. Every mishap can be turned into a learning experience which may prevent recurrences.

All children undergo a health appraisal which includes heights and weights, observation of teeth, tonsils, skin, hair, scalp and posture.

Yearly eye and ear tests are done also. Follow-up visits to the parents are made in cases where further care or treatment is indicated.

The teaching of health to school children rather than being done on a classroom basis, is carried on informally with individuals and small groups. Opportunities for this type of teaching are almost constant.

I would like to express my deep appreciation to all school personnel, to parents and to local groups who aid in making this work so pleasant and rewarding.

Respectfully submitted,

CONSTANCE HUSS, R. N.,

School Nurse

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Danville:

It is with pleasure that I submit this, my fourth annual report as your Superintendent of Schools.

The Eaton School opened on September 9 with an enrollment of 88 pupils, the only town in Union No. 14 that did not show an increase in enrollment.

The present enrollment by grades follows:

Grade	1953-54	1954-55
1	15	12
2	10	15
3	12	10
	37	37
4	9	12
5	12	9
6	12	12
	33	33
7	12	12
8	6	12
	18	24
	88	94

Although this year the teacher load is distributed a little more evenly, the lower grades appear to be holding up around 37 pupils which makes it quite a task for a teacher with three grades, especially beginners where a good foundation program is of tremendous important.

I am still in hopes that Danville will not forget this important educational aspect and will continue to work toward a four teacher school with a maximum of two grades per teacher. It is obvious that such a program would increase the educational opportunities for your boys and girls.

TEACHERS

Danville was again fortunate in retaining its full staff of teachers. It is this continuity of a group of teachers who are interested in maintaining an excellent professional status that forms the basis for a worthwhile school program. The school board has very wisely shown their appreciation of this fact by establishing a salary schedule that will aid in interesting and holding good teachers.

Miss Irene Tanguay, B. U. 1953, was elected to replace Miss Leombruno who resigned to accept a position in New York State. Miss Tanguay has been developing a sound music program in the Swasey School.

Mrs. Constance Huss, R. N. to replace Mrs. Constance Cooper who was granted a years leave of absence because of ill health. Mrs. Huss comes to us with a fine background to this type of work and is showing an active interest in safeguarding the health of our young people.

GUIDANCE AND TESTING

The Guidance and Testing program under Mr. Scanlan, its director, is developing into a very worthwhile undertaking. As Mr. Scanlan's report follows, I shall only say here that I am happy the progress being made.

REPAIRS AND REPLACEMENTS

The Eaton School's "New Look" has improved the appearance of the school no end. The pastel colors have made the classrooms much brighter and cleaner. In the

process of painting, window sash was repaired, windows tightened, and other small repairs taken care of.

The P. T. A. program for additional rooms in the basement is a good example of cooperative community effort. The cement floor is already in, the walls are ready to be boarded in and a new stairway started from the lower hall entrance. No wonder the Eaton school has been a busy place on Thursday nights for the last two or three months.

With the projected kitchen and the additional room in the basement, Danville should be looking forward to the development of a substantial school lunch program.

The primary room is now completely furnished with moveable desks and chairs. This completes the program of replacing fixed-furniture with moveable.

By Continuous planned effort, the school board and citizens are ever striving to make the Eaton School a better, more functional school for the children of Danville.

In closing I wish to express my appreciation to the School Board, citizens, teachers and pupils of Danville for their cooperation and friendly spirit. It has made my work in Danville very pleasant.

Respectfully submitted,

LOUIS L. RAMSAY,

Superintendent

GUIDANCE DIRECTOR'S REPORT

To the Superintendent of Schools, Members of the School Board and Citizens of Danville:

Again it gives me great pleasure to present my annual report, the second, as Director of Guidance.

The program is moving along well this year toward our objective- a first class program of guidance services for all our pupils from grade one to twelve. The Individual Inventory for each pupil in the eighth grade has been set up and the guidance tests have been given. On the basis of these I am now counseling each pupil individually on their choice of an occupation and the choice of a course in high school in which they will begin the training for this vocational career. Mrs. Tilton gave the vocational guidance battery of tests to the eight grade.

In order to acquaint the pupils with the opportunities in the various fields of work this year we are using three approaches: 1 - Bulletins giving information about the various careers are placed on the bulletin board each week 2 - Classes each week for eighth grade pupils during which time I discuss with them the occupational world and the many types of careers and opportunities therein. We are using part of this class as a time during which we discuss the Development of Personality. We are making plans to have these classes become a regular part of the program. 3 - Individual counseling- This is basic to the whole process of guiding, the time when I sit down with them and talk over their career and its possibilities. With the exception of the classes, the same program is being carried on for the upper grade Danville pupils at Sanborn Seminary.

Mrs. Winslow gave the tests to the fourth and sixth grade pupils. These are the Standardized tests which compare the progress our pupils are making in Reading, Arithmetic, and Language with other fourth and sixth grade pupils in the United States. These tests, too, point out

the weaknesses which need to be strengthened. An aptitude test was also given to the fourth and sixth grade.

We are now working on the Individual Inventory for each pupil starting with the first grade. The purpose of the inventory is to keep a close check on the progress the child is making in his physical, mental, social, emotional, and moral development. If a pupil is not doing work up to his potentialities, if he is not getting along well with the other children, if he is not developing properly emotionally, it is in the early grades that he can best and most easily be helped.

We are planning this year on a course for the teachers in Personality Development and the use of our tests. A course for parents in Child Training will be given in March.

For those interested adults, the Vocational Guidance Battery of tests will be available in the spring, along with an individual appraisal.

I feel that the guidance program is well on its way toward becoming an integral part of our educational system.

In closing I wish to express my deepest appreciation to you all for your help, cooperation and understanding.

Respectfully submitted,

JOHN A. SCANLAN,

Director of Guidance
